## Specific Matters for Comment

### Question 1: Fund accounting

INPAG Section 36 sets out the characteristics of a fund for the purposes of INPAG and whether a fund is presented in the financial statements as being with or without restrictions. A fund is presented as with restrictions where the use of resources is limited to a specific purpose or activity as a consequence of externally imposed legal or equivalent arrangements or where a fund is established for a fundraising campaign with an externally communicated commitment on the specific use for the funds. The guidance requires that the income, expenses, assets and liabilities associated with a fund are recorded. New disclosures are required for fund balances and movements in the year. INPAG Section 5 has been amended to remove the requirement to disclose funds with and without restrictions on the face of the Statement of Income and Expenses.

a) Do you agree that the ED1 requirement to present funds with restrictions and funds without restrictions on the face of the Statement of Income and Expenses should be removed? If not, why not?	G5.3, AG5.4	<b>Yes, agree</b>
b) Do you agree that the guidance in Section 36 will ensure that material funds can be identified? If not, what changes would you propose? Is there a risk that funds are not identified?	G36.3–G36.4, Figure AG36.1	<b>My proposal: More clarification may be given with example about General Fund, Endowment Fund, Assets acquisition fund. While revenue is recognized as per expense then surplus is not shown in income expenditure account; only unspent fund is shown in the balance sheet, Some organizations are considered their General Fund which form with contribution of the General members, membership subscription, founder members contribution for bearing the cost of formation and other local income and surplus from any other event or activities arrange for fund raising. Moreover, if any balance remain as unspent, of the close-out project or non-refundable unspent balance at the time of the close of the project are generally transferred to general fund (unrestricted) with the permission of donor or regulatory body (as require).</b>
c) Do you agree that income, expenses, assets and liabilities are tracked for each fund? What are the costs and benefits? What, if anything, would you change and why? What are the practical considerations?	G36.5, G36.7, AG36.3	<b>Agree, It is essential for better understanding of user of the financial statements and simplifying the financial reports. The cost benefit is, it will be easy for preparing the financial report and as a result NPOs at remote area shall get cost benefit while hiring accounting personnel.</b>

d) Do you agree with the two criteria for a fund to be a fund with restrictions? If not, what would you change and why?	G36.9	<b>Yes agree.</b>
e) In order to provide transparency about the finances of an individual fund, do you agree that all the expenses should be charged against a fund with restrictions even if there are currently insufficient resources to cover these, or specific costs are not eligible under a grant arrangement? If not, what alternative would you propose and why?	G36.11–G36.12	<p><b>Yes agree, in case of an insufficient fund balance to charge all expenses temporarily then it will be addressed in a future reporting period. If specific cost is not eligible under present grant arrangement, then grant arrangement may be reviewed and it may be addressed for future reporting period. In case of permanent short-fall and specific ineligible cost as per present grant arrangement and grantor/donor are not agreed to review the grant arrangement then NPO may transfer the fund from unrestricted fund at this type of situation, NPOs are usually transferring funds from General Fund (Unrestricted Fund) as local or own mean contribution to project.</b></p> <p><b>G.36.17 - Comment - Reserve result from revaluation of Property Plant &amp; Equipment should be shown separately as Revaluation Reserve and depreciation for portion of revaluation surplus shall be adjusted with revaluation reserve within the useful lifetime of the asset.</b></p>

g) Do the Illustrative examples demonstrate the key concepts in fund accounting? If not, what would you change and why?	Implementation Guidance – Section 36	<b>Yes, adequate.</b>

## Question 2: Presentation of expenses, fundraising costs and related disclosures

INPAG Section 24 Part II provides guidance on the presentation of expenses. It permits an expense analysis by nature, by function, or a mixture of the two. It includes a rebuttable presumption that an analysis by nature is used unless another analysis provides information that is more relevant and reliable. Guidance is provided on the allocation and aggregation of costs where a functional or mixed presentation is used, which will be useful for calculating support costs. INPAG Section 24 Part III provides a definition of fundraising activities and identifies three categories to be disclosed: activities to generate donations, gifts and similar transfers; commercial and trading activities; and investment management. There is a pragmatic exception where costs need to be split between fundraising and other activities.

INPAG Section 33 on related party disclosures draws attention to the possibility that an NPO's financial position and/or its surplus or deficit have been affected by the existence of related parties. Disclosure is required of personnel compensation made to governing body members as well as key management personnel. INPAG Section 28 has been updated to include the disclosure of short term employee related benefits.

2 Presentation of expenses	References	Response
a) Do you agree that there is a rebuttable presumption that a by nature classification of expenses is used unless this doesn't provide the most relevant and reliable information to the users of the financial statements? If not, why not?	G24.43–G24.47, AG24.45–AG24.47	<b>Agree.</b>
b) Do you agree that the rationale for using a classification of expenses other than by nature should be disclosed? If not, why not?	G24.44	<b>Agree.</b>
c) Do you agree that where a functional or mixed presentation of expenses is used, a narrative description of the types of expenses incurred on each function line item is sufficient and that a requirement for these to be quantified is not necessary? If not, why not?	G24.46, AG24.48	<b>Agree. Where mixed presentation of expenses used a narrative description is sufficient but if donor or grantor require more clarification or information then these are might be given separately.</b>
d) Do you agree with the expense disclosure requirements? If not, what would you change and why?	G24.50–G24.57, G33.7–G33.11, G28.38	<b>Yes Agree.</b>
e) Do you agree with the description of direct costs, shared costs and support costs and that these allow the full cost of an activity to be identified? If not, why not?	G24.48–G24.49	<b>Yes Agree.</b>
f) Do you agree that commercial and trading activities that are for the purposes of fundraising and investment management costs associated with a	G24.64–G24.66	<b>Partly, disagree. If not, why not?		<p><b>As the lion's share are holding by such NPOs, so it is earned by the NPO as dividend or profit (as per shares or investments). NPO may use that amount for its project activities or general activity's purpose.</b></p> <p><b>For instance, an NPO may have Bank, University, Public Ltd. Company or Private Ltd. company those are to follow the concern Regulatory authorities Rules and Regulations, those are running independently, only representative of the NPO may participate in the management.</b></p> <p><b>So, fundraising activities are those activities communicating with donors or grantors, governmental agencies for donation or communicating with other entities who are giving donation for charitable purpose as CSR activities.</b></p>
g) Do you agree with the pragmatic exception that fundraising costs do not need to be split from other costs where the cost of doing so would exceed the information benefit to stakeholders? If not, what would you change and why?	G24.72	Agree.
h) Do you agree that the costs for each of the three categories of fundraising activity should be separately disclosed and presented gross? If not, what should be disclosed and why?	G24.74	<p><b>Agree that the cost of each category of fund raising should be disclosed separately. ### Question 3: Supplementary information and INPAG Practice Guide 1 – Supplementary statements

INPAG Section 37 requires additional information to be disclosed when an NPO produces one or more supplementary statements using INPAG Practice Guide 1. NPOs may choose to prepare a single note to meet the requirements or disclose only the additional information. INPAG Practice

Guide 1 – Supplementary Statements enables the presentation of key financial information about a specified activity, project or grant, in a prescribed statement format, which can be included as an Annex to the financial statements. The Practice Guide provides templates for different variants of reporting that includes comparison to budget, multiple grants, multiple time periods and different currencies.

3 INPAG Practice Guide 1	References	Response
a) Do you agree that the requirements of Section 37 do not have to be met unless Supplementary statements are prepared in accordance with INPAG Practice Guide 1– Supplementary statements? If not, why not?	G37.1–G37.2	<b>Proposal: Supplementary statement may not be obligatory, when it is required by donor or management (Governing Body) then it may be prepared.</b>

c) Do you agree with the format of the Supplementary statement? If not, what would you change and why?	SS.5	<b>Agree</b>
d) Do you agree with the options for the disclosure of capital and inventory related costs? If not, what would you change and why?	SS.18–SS.21	<b>Agree</b>
e) Do you agree that the Supplementary statements are not part of the general purpose financial report but can be published as an annex? If not, why not?	SS.25–SS.26	<b>Agree</b>

#### Question 4: Illustrative financial statements

a) Do you agree that the illustrative financial statements cover the transactions that are prevalent for NPOs? If not, which prevalent transactions are missing and why do these need to be covered?	Illustrative financial statements	<b>Yes, I agree with the coverage.</b>
--	-----------------------------------	--

### Question 5: Equity

INPAG Section 2 provides the concepts and principles on which INPAG is based. Amendments are proposed to equity and net assets as a result of feedback. Net assets is a new element defined as the residual amount of an NPO's assets and liabilities available to achieve its objectives. The term equity claim is introduced to describe equity type instruments, which is a subset of net assets. INPAG Section 22 has the principles for classifying financial instruments as either liabilities or equity claims. As INPAG does not use the term equity, consequential amendments reflect the expected nature of NPO equity claims.

5 Equity	References	Response
a) Do you agree with the revised description of net assets and its inclusion as an element? If not, what would you change and why?	G2.73	<b>Agree</b>
b) Do you agree with the use of the term equity claims in Sections 2 and 22 and that equity claims are a subset of net assets? If not, what would you change and why?	G2.74, AG2.6, AG2.7, Section 22	<b>Agree</b>

similar compound financial instruments are retained? If not, why not?		

### Question 6: Transition to INPAG

INPAG Section 38 describes the requirements for recognising and measuring assets and liabilities to create a Statement of Financial Position when INPAG is adopted for the first time. Accumulated funds that contain historic surpluses and deficits must be split between funds with restrictions and funds without restrictions. Compliance with just the financial statements can be asserted ahead of full compliance. The narrative reporting requirements must be completed within a two-year period to be able to continue to express compliance with INPAG.

6 Transition to INPAG	References	Response
a) Do you agree with the pragmatic approaches proposed for the first time adoption of INPAG? If not, what are the practical challenges that are likely to be experienced?	G38.11–G38.12	<b>Agree</b>
b) Do you agree that compliance with INPAG can be expressed in relation to the financial statements only for a two-year transitional period? If not, why not?	G38.5–G38.6	<b>Yes, Agree</b>

### Question 7: Application of fair value

INPAG Section 12 describes how to measure assets and liabilities using fair value. The use of fair value to determine the deemed cost of donated assets is reflected in INPAG Section 16, for investments in land or buildings that are held to earn rentals or for their capital appreciation, INPAG Section 17, for property, plant and equipment, including capitalisation and depreciation and INPAG Section 18, for identifiable non-monetary assets that does not have a physical substance (eg licenses). The cost model in Section 17 applies to all tangible assets that are held for use in the activities of the NPO and are expected to be used during more than one period as well as to property held to deliver an NPO's missional objectives, eg social housing. There are no exceptions for assets that are funded by grants or donations.

7 Application of fair value	References	Responses
a) Is the Section 12 application guidance that sets out how the fair value hierarchy applies to NPO assets and liabilities and the illustrative examples of fair valuing donations in-kind useful? If not, how could it be improved?	AG12.1– AG12.11	<b>Yes, useful</b>
b) Do you agree with the additional guidance provided for donated: i) investment property (Section 16)? ii) property, plant and equipment (Section 17)? iii) intangible assets (Section 18)? If not, why not?	G16.7 G17.10 G18.14	<b>Agree</b> <b>Propose to insert: When the value of a donated asset is immaterial or when it is difficult to assign a fair value or historical value, but the asset is usable and have economic value the asset may be recognized at nominal value (sufficient disclosure might be given in the notes to the accounts).</b>

### Question 8: Impairments

INPAG Section 27 requires that the carrying amount of an asset is reduced to the recoverable amount, where its carrying amount is higher than its recoverable amount. The new measurement base for inventories held for distribution at no or nominal cost has been added. The Section refers to an NPO's 'operating units' to encompass assets that are held for missional purposes rather than purely cash-generation.

8 Impairments	References	Responses
a) Do you agree that inventory held for distribution is measured for impairment using cost adjusted for any loss of service potential? If not, what would you change and why?	G27.2–G27.4	<b>Agree</b>
b) Do you agree that the term operating unit better reflects the nature of an NPO's operations and with its proposed definition? If not, what alternative term would you use and why?	G27.8	<b>Agree</b>
c) Do you agree that impairments to assets that form an operating unit can take	G27.15	<b>Agree</b>

8 Impairments	References	Responses
account of other economic benefits and service potential? If not, what would you change and why?		

### Question 9: Combinations of entities

INPAG Section 19 applies to the combining of entities, (including NPOs) that meet the definition of a business. The term business has been broadened to include the types of activities carried out by NPOs. It provides guidance on the recognition and measurement of the assets and liabilities acquired in a combination and includes a simplification where there is a combination of two NPOs that both have positive net assets.

9 Combinations of entities	References	Responses
a) Do you agree that the term 'business' can be applied by NPOs when taken alongside the amendments proposed, (including the expansion of examples of control)? If not, why not? What practical issues are experienced?	G19.4, G19.5, AG19.1–AG19.2	<b>Generally, "Business Combination" is used for commercial purpose so it may be used as "Combination of Entities" or "Combination of NPOs".</b>
b) Do you agree with the proposed exemption for two NPOs that have net assets and that it should not apply where one NPO has net liabilities? If not, describe the practical and accounting issues that arise?	G19.24	<b>Agree</b>

### Question 10: Other topics in Exposure Draft 3

INPAG Section 14 and INPAG Section 15 provide guidance on accounting for associates and joint arrangements in consolidated and separate financial statements respectively. INPAG Section 20 covers the accounting for all leases and INPAG Section 34 provides guidance on three types of specialised activities: agriculture, extractive activities and service concessions. None of these Sections have been amended other than for terminology changes.

10 Other topics in ED3	References	Response

There is additional text on supplier finance arrangements in Section 7 and lack of exchangeability in Section 30.

b) Do you agree that the guidance on lack of exchangeability is useful and relevant to NPOs? If not, what would you change and why?	G30.5A, G30- 31–32, AG30.26– AG30.43
